FOR IMMEDIATE RELEASE

How Well Do You Know Presque Isle?

The 2011 Annual Report is available! Pick up your printed copy at Presque Isle City Hall, Mark and Emily Turner Memorial Library or view it electronically online at www.presqueisle.govoffice2.com. This year there is a little something extra included and we hope you join us in some fun!

How Well Do You Know Presque Isle? The City of Presque Isle would like to test your knowledge.

When you pick up your copy of the 2011 Annual Report, you will notice an invitation to be a part of a "How Well Do You Know Presque Isle" game. Throughout the report there are ten pictures of various buildings in our "downtown" area. These aren't ordinary pictures; they are pictures of the beautiful details of our historical buildings that we may not notice on a regular basis. Pictures include scrollwork, inlays, dates and designs that our eyes see every day, but our minds just may not be able to place.

Here's the challenge; on the last page of the report there is an entry form for the game. There are ten spaces for each picture and we want you to identify which building each picture of architectural detail belongs to. Submit your answers to City Hall and you will be entered into a drawing for a **\$25.00 gift certificate to a local restaurant of your choice!** Make sure to include your name, address and phone number on your entry form.

City Manager, Jim Bennett stated: "The Presque Isle downtown is full of beautiful and historical architecture. It is our hope that by participating in 'How Well Do You Know Presque Isle', you will gain a greater appreciation for the beautiful details that make our downtown unique."

Have fun with the challenge! Get out, look around, explore and enjoy the heritage and history of Presque Isle's downtown buildings. Take in the beauty of our town, but most of all, renew your sense of pride in our community!
